## SEMINAR IN BRIEF

The Kuala Lumpur International Pavement Seminar 2023 (KLIPS 2023), carrying the timely theme ***Leveraging Innovation Towards Green Technology and Resilient Pavement***, stands poised to welcome worldwide delegates to the garden city of Kuala Lumpur, the capital of Malaysia.

The seminar will be held from 7 to 9 March 2023 at the Connexion Conference & Event Centre, Bangsar South, Kuala Lumpur.

KLIPS 2023 is jointly organised by the Ministry of Works Malaysia, the Public Works Department, Malaysia as the lead organiser, together with the Road Engineering Association Malaysia (REAM), supported by the Malaysian Highway Authority (MHA) and Construction Industry Development Board Malaysia (CIDB), in collaboration with the World Road Association (PIARC) and in association with the Road Engineering Association of Asia & Australasia (REAAA).

Collaborating with the renowned and iconic PIARC, this seminar offers an international platform for presenting technical papers, discussing and exchanging ideas on enthralling authoritative pavement topics, thrived by sharing of invaluable experiences from the delegates.

Malaysia is a country member of PIARC via the membership of the Public Works Department.

## ROAD ENGINEERING ASSOCIATION OF MALAYSIA (REAM)

The Road Engineering Association of Asia and Australasia (REAAA) was formed in 1973 with a permanent secretariat in Kuala Lumpur, Malaysia. The REAAA (Malaysian Chapter) was established in 1993 to facilitate technology transfer at local and international levels. In 1997, REAAA (Malaysian Chapter) was renamed Road Engineering Association of Malaysia (REAM) to meet national aspirations. REAM aims to be Malaysia's road industry leader and referral centre through upholding professionalism and the establishment of relevant standards for the road industry achieved through strategic positioning, research and development, training, data base management and road industry intelligence. The vision is to be a lead organisation to influence and provide direction to the road industry in Malaysia.

As a PIARC National Committee for Malaysia since 2014, REAM continuously plays a significant role in facilitating national exchanges on roads and transportation.

## WORLD ROAD ASSOCIATION (PIARC) IN BRIEF

The forerunner of the renamed World Road Association, Permanent International Association of Road Congresses (PIARC), was established in Paris in 1909. Though a name change had taken place, the acronym PIARC had been retained. Today, more than a century later, this association has over 121-member countries worldwide, including Malaysia. PIARC is dedicated to foster and facilitate discussion and knowledge sharing on roads and road transport and retains consultative status to the Economic and Social Council of the United Nations.

### VISION

PIARC will be the world leader in the exchange of knowledge on roads and road transport policy and practices within an integrated sustainable transport context.

### MISSION

PIARC exists to serve all its members by:

- being a leading international forum for analysis and discussion of the full spectrum of transport issues, related to roads and road transport,
- identifying, developing and disseminating best practice and giving better access to international information,
- fully considering within its activities the needs of developing countries and countries in transition,
- developing and promoting efficient tools for decision making on matters related to roads and road transport.

### VALUES

PIARC's values are:

- to provide universal quality service to its members,
- to be open, objective and impartial,
- to promote sustainable and sound economic solutions,
- to recognize road transport in an integrated transport and land use context,
- to be customer driven,
- to respect the differing international road transport needs.

To achieve these aims, PIARC:

- creates and coordinates Technical Committees,
- organises a quadrennial World Road Congress, a quadrennial Winter Road Congress and various technical seminars and
- publishes a large number of documents including a quarterly magazine.

## VENUE AND LOCATION

**Connexion Conference Event Centre (CCEC)**, a conference and event place, spreads across two purpose-built venues – Nexus and The Vertical. Set in the capital city of Malaysia, Kuala Lumpur, it offers vibrant and dynamic surroundings, excellent connectivity, near to destination of premier shopping, and restaurants located minutes away from the venue. Connected to the CCEC, the VE Hotel and Residences with 337 hotel rooms offers delegates from afar to stay just next to the venue.

**Kuala Lumpur**, fondly referred to as KL, is the nation's capital and the largest city located in Peninsular Malaysia. As the country's economic, financial, and cultural hub, KL is one of the region's fastest-growing cities in terms of population and economic growth. The city has a comprehensive road system supported by an extensive range of public transport networks including mass and light rapid transits and a high-speed rail link to the Kuala Lumpur international airport.

**Malaysia**, is blessed with an exotic mix of million-year-old rainforests home to an abundant variety of fascinating fauna and flora, island resorts and sandy beaches, cool hill stations and breath-taking skyscrapers in harmony with charming heritage buildings. As a melting pot of Malay, Chinese, Indian and indigenous people of Sabah and Sarawak with their own unique traditions and cultural festivals, Malaysia is an inspiring testimony to unity in diversity.

Come participate in this seminar and savour the warmth of Malaysian hospitality. Spoil yourselves in the world class facilities, immerse yourselves inside the bewildering range of shopping malls and treat your palates with the tantalizing flavours and textures of local and international cuisines.
